Objective

A highly motivated and diligent software engineer with nearly 2 years of experience as a full-stack developer. Seeking opportunities to leverage my skills in frontend and backend development, as well as my expertise in modern web technologies, to contribute to innovative projects and enhance user experiences. Committed to continuous learning and eager to work in dynamic, multicultural environments that foster professional growth.

Skills

- **Frontend:** React.js, Next.js, JavaScript, HTML, CSS, TypeScript, Bootstrap, MUI, Tailwind, Ant Design, PrimeReact, React Flex, Redux Toolkit, RTK Query
 - **Backend:** Node.js, Express.js, ASP.NET Core, REST API Core, SQL Server, MongoDB, MySQL, TypeORM, Sequelize
 - **Other:** Git, Unit Testing, Python (NLP Algorithms), Azure, AWS
-

Experience

Frontend Developer

OBS Technologia - Islamabad, Pakistan

October 2022 - October 2023

- Developed and maintained frontend components using React.js and Next.js
- Collaborated with the design team to implement UI/UX features
- Integrated APIs and worked on state management using Redux Toolkit

Full-stack Developer

App In Snap - Islamabad, Pakistan

October 2023 - Present

- Building responsive web applications using React.js and Next.js
 - Developing backend services using Node.js and Express.js
 - Working with MySQL and MongoDB for database management
-

Education

BS in Software Engineering (BSSE)

Air University - Islamabad, Pakistan

2019 - 2023

- Relevant coursework: Data Structures and Algorithms, Web Development, Database Systems
 - CGPA: 3.1/4.0
-

Projects

- **Yuna Homes Real Estate:** [Demo](#) - Developed the user interface and integrated APIs using React.js.
 - **Wendi App Dashboard:** [Demo](#) - Implemented dashboard components and UI elements with React.js and Material UI.
 - **Bose:** [Demo](#) - Developed the UI using Next.js, Tailwind, and TypeScript.
 - **Pearl Meat:** [Demo](#) - Created and designed the landing page using Next.js.
 - **OBS Website:** [Demo](#) - Developed the company's landing page using Next.js and Sass.
 - **Podcast:** [Demo](#) - Created the podcast playing interface and controls with React.js.
 - **Car Rentals:** [Demo](#) - Developed the user interface and integrated APIs for a car rental using React.js, sass.
 - **E-commerce Project Backend:** Designed and implemented backend services for an e-commerce platform using ASP.Net Core.
 - **Quiz App:** [Demo](#) - Developed the quiz functionality and user interface using React.js.
 - **Capital Village** - Created the real estate listing and search features.
 - **Technical Challenge Site:** [Demo](#) - Designed and implemented the challenge site using React.js.
 - **CMS Portal** - Implemented dynamic page creation features with React.js and PrimeReact.
 - **HEC Attestation Project** - Developed frontend and backend components using React.js, Bootstrap, Node.js, and MongoDB.
 - **EZ Tech** - Developed various platform components using React.js, TypeScript, and Ant Design.
 - **AIS Office Dashboard** - Developed and maintained the office dashboard with React.js, TypeScript, Node.js, MySQL, and TypeORM.
 - **AIS Office Automation** - Developed and integrated automation features with React.js, Node.js, MySQL, and Sequelize.
 - **Dress-code Inspection System** - Developed a dataset, trained a YOLO V5 model, and deployed on Flask app for dress-code inspection system using AI (Computer Vision), Flask, and Bootstrap.
-

Languages

- **English:** Proficient
 - **Urdu:** Proficient
-

Certifications

- **Architecting Solutions on AWS** - [Verify](#)
 - **AWS Cloud Technical Essentials** - [Verify](#)
-

Strengths

- Good written and communication skills
- Creative thinker
- Team leading
- Self-Learner
